

Pizza Parties For Dummies!

Hey fellow pizza-lovers,

Thanks for showing interest in using us to cater your next event. This is simply a guide to walk you through our typical party and hopefully answer any questions you may have.

First of all, I would like to start by saying that we are a full service catering company, meaning we are willing to help with any aspects of the event you need help with (some of these services are additional charges, setting up, cleaning up, etc.) Every event is different and our team is always willing to help in any way we can, just let us know your vision and we will adjust accordingly.

Our Basic Package:

- \$25 per person for all you can eat pizza, salad and an appetizer for 3 hours.
 - Full menu of pizzas that you see online, we DO NOT limit your pizza choices, we just bring them all!
 - We give you 3 choices of salads and 3 choices of appetizers to choose from. You get to choose one of each. These options are given to you 3-4 weeks before the event as we choose apps and salads monthly.
- We are environmental nerds and thus provide real plates, cutlery and compostable napkins. We try our very best to be a zero waste catering company.
 - The plates we use can be seen here: <https://www.pier1.com/carmelo-aqua-melamine-dinnerware/PS64172.html?q=melamine&start=1>
 - We use a variety of colors on rotation and do not guarantee any certain color (Aqua, blue, Yellow, Sand, Teal)
 - Our cutlery is an eclectic mix of rustic second hand forks and knives, all mismatching.
 - Standard white compostable napkins
- Beverages- We supply a water dispenser with 8 oz recyclable plastic cups, you may add on lemonade for an additional 50 cents per person.
- We typically bring 4 staff members for parties under 75 people and charge for additional staff for parties with 75 people and over. These staff help with all food prep, passing appetizers, passing pizzas, clearing dishes, drinking leftover beer, etc...

* Travel fee will be applied to any party outside of Denver.

** Tax and 20% gratuity is applied to the subtotal of all goods and services.

Additions:

- Additional appetizers, salads and entrees can be purchased for \$3-\$10 per person. Our full menu for these can be seen on our website. If you are doing a cocktail hour I recommend adding at least one additional appetizer so one can be passed and one can be stationary.
- Beer/wine service- \$5-\$8 extra per person (depends on number of people) includes pint glasses, stemless wine glasses, bartender, connection to our taps. This is just the service, you must provide the beer and wine!
 - We only allow Pony kegs or Sixtels for space purposes. If you don't know what this means, ask the brewer when ordering the beer.
- Deserts- We do desert pizza for \$3 extra per person. If you have something in mind for desert please let us know, we may be able to work it out.
- Full set up/clean up (Required at some venues) This is an additional fee that we usually charge \$300 for but this is never finalized until the timeline is put together to see how late we are staying for clean up!

Service

- We are a buffet style service and thus everything is served hot/fresh out of the truck. The salad is served out of large bowls with dressing on the side to maintain freshness. The pizzas come out fast, we do 100 pizzas an hour and feed 100 people every 30 minutes (Roughly) There are always a large variety of options out for guests to choose from and one of our staff will be standing by for custom orders as well.
- Dietary restrictions- we can accommodate Gluten Free, Vegan, Vegetarian, pretty much any dietary needs! Please let us know ahead of time for any GF or other special diets as we want to make sure everyone can enjoy something.
- We generally arrive about 2 hours before the event (depending on the size) However, we arrive earlier for set up or clean up! (If you need us to do this)
- You may always add on additional time with us. For example: If you are doing the basic package and beer/wine service you may want us to stay longer than 3 hours for beer/wine purposes (kegs are connected to our taps) we stay for an additional charge which is always dependent on how long, how many people you have and what other services we are also doing that night. This is usually between \$250-\$450 an hour.
